

THOUGHT SPARK PERFORMANCE

DAN
BEVERLY

I'm on a mission to help organisations elevate performance.
One team. One individual. One profound shift at a time.

And with a focus for those things you care about most.

LEAD

Decisively

DELIVER

Effectively

IN WAYS THAT LEAD TO SUSTAINABLE RESULTS

For the Individual:

✓ **PERFORMANCE**

To be wide open to new levels of performance, creativity and courage that show-up as inspiring self-mastery and visionary team-leadership.

✓ **AGENCY**

To move through professional life with a new sense of vitality and agency that delivers meaningful results for the organisation, team and individual.

✓ **ENGAGEMENT**

To enjoy ongoing feelings of confidence, engagement, fulfilment and success that inspires and positively contributes to a culture of high performance.

For the Organisation:

✓ **RESULTS**

Elevated business results seen as revenue and profit, higher standards of client and project delivery, and the benefits of retaining and developing talent.

✓ **CULTURE**

A culture of high performance built on personal mastery, team effectiveness and collective ambition for delivering highly valued service and expertise.

✓ **THE NEXT GENERATION**

Enabling “The Next Generation” to support today’s leadership, whilst establishing the pipeline for what will be tomorrow’s leadership.

OPTIMISATION + REINVENTION

Executive Performance Coaching for Women

I work with your senior leaders, top performers, up-and-comers and bright young things to elevate performance and realise potential. And we do that with a special blend of optimisation and reinvention that is a hallmark of my progressive coaching.

And the goal is always **TRANSFORMATION**. An ambitious target, but 100% necessary for your high achievers - and something you simply will not get from internal mentoring programmes and traditional learning interventions.

A background image showing three women in a professional office environment. They are gathered around a laptop, looking at the screen with interest and engagement. The woman on the left is partially visible, the middle woman is looking directly at the camera, and the woman on the right is pointing at the laptop screen. The office has a modern feel with a grid-patterned shelf in the background.

EMBEDDED DETACHMENT

High Impact Team Coaching

High-performing, self-organising teams are already a big part of your organisation's success to date. But no team can achieve its highest potential without the embedded-but-detached team player whose sole focus is Team Performance.

Enter: The Team Coach. Specialist in-team support to develop team identity, cement the team charter, overcome common causes of team dysfunction and enable a high performance environment. All key ingredients for ongoing team excellence.

AMPLIFYING THE CULTURE

Mentoring Supervision

Nothing elevates the performance of an organisation like establishing a strong mentoring culture. And nothing elevates the performance of mentors like supervision. (It's why I've always retained a master coach as my professional supervisor.)

I love nothing more than co-creating high-performing, self-sustaining cultures built on an ethos of mentorship and designed to bring results: both now and into the future.

DELIVERING TRANSFORMATION

A man with glasses and a beard, wearing a dark suit, is speaking into a microphone. He is gesturing with his left hand. The background is a blurred indoor setting with a screen and other people.

Performance Seminars

You already know multiple day-long training workshops are nowhere near the best use of precious training budgets. They are expensive, inefficient – and have a brain-unfriendly setup that actually hampers retention!

My approach is powerfully different. Where others focus on information, I focus on transformation. Short but deeply impactful small-group talks across a series of complementary topics that create powerful shifts for the team in ways that lead to real-world results.

DEVELOPING THE LEADERSHIP PIPELINE FROM THE INSIDE OUT

The organisation has all the leadership talent it needs.

Now it's the responsibility of the organisation to create the performance environment in which that talent will flourish.

GET IN TOUCH

We're passionate about elevating performance across the organisation. One person. One team. One profound shift at a time. If you would like to talk more about how we can help, let's connect.
